Rambhai Barni Rajabhat University (RBRU), Chanthaburi, Thailand

KISTI IoT DATA Hackathon

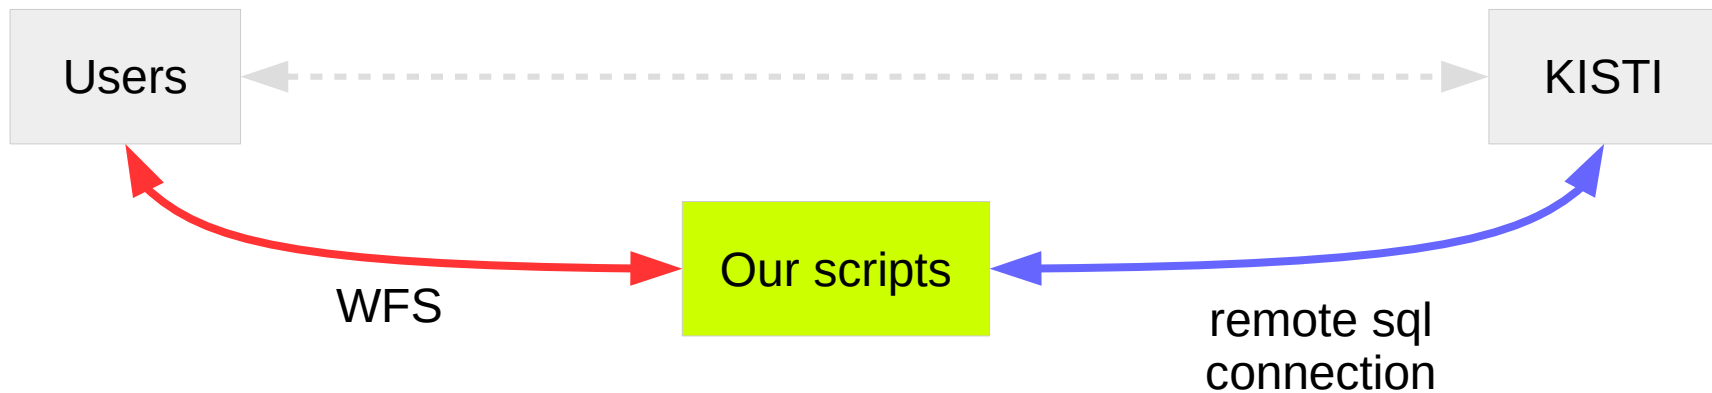

November 16th - 22th, 2017

Saint House, Jeju, Korea

Introduction

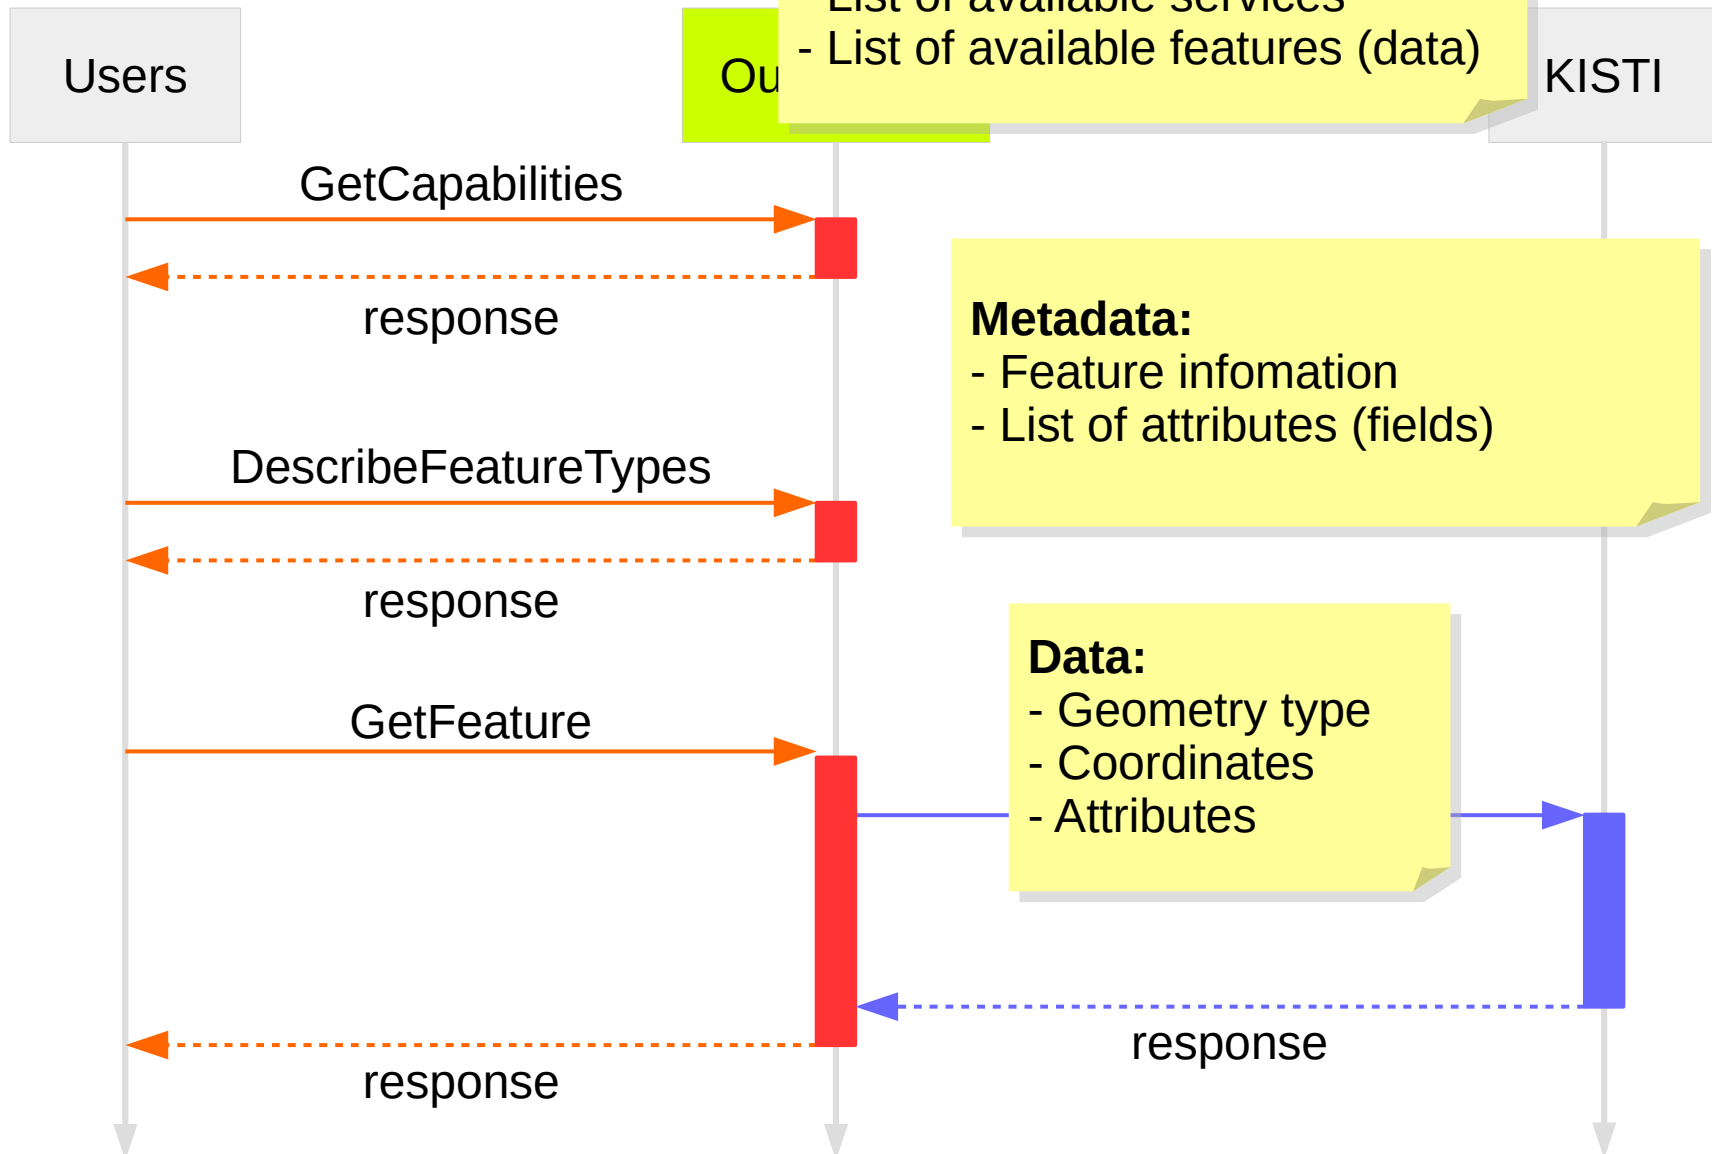

Objectives

System Overview

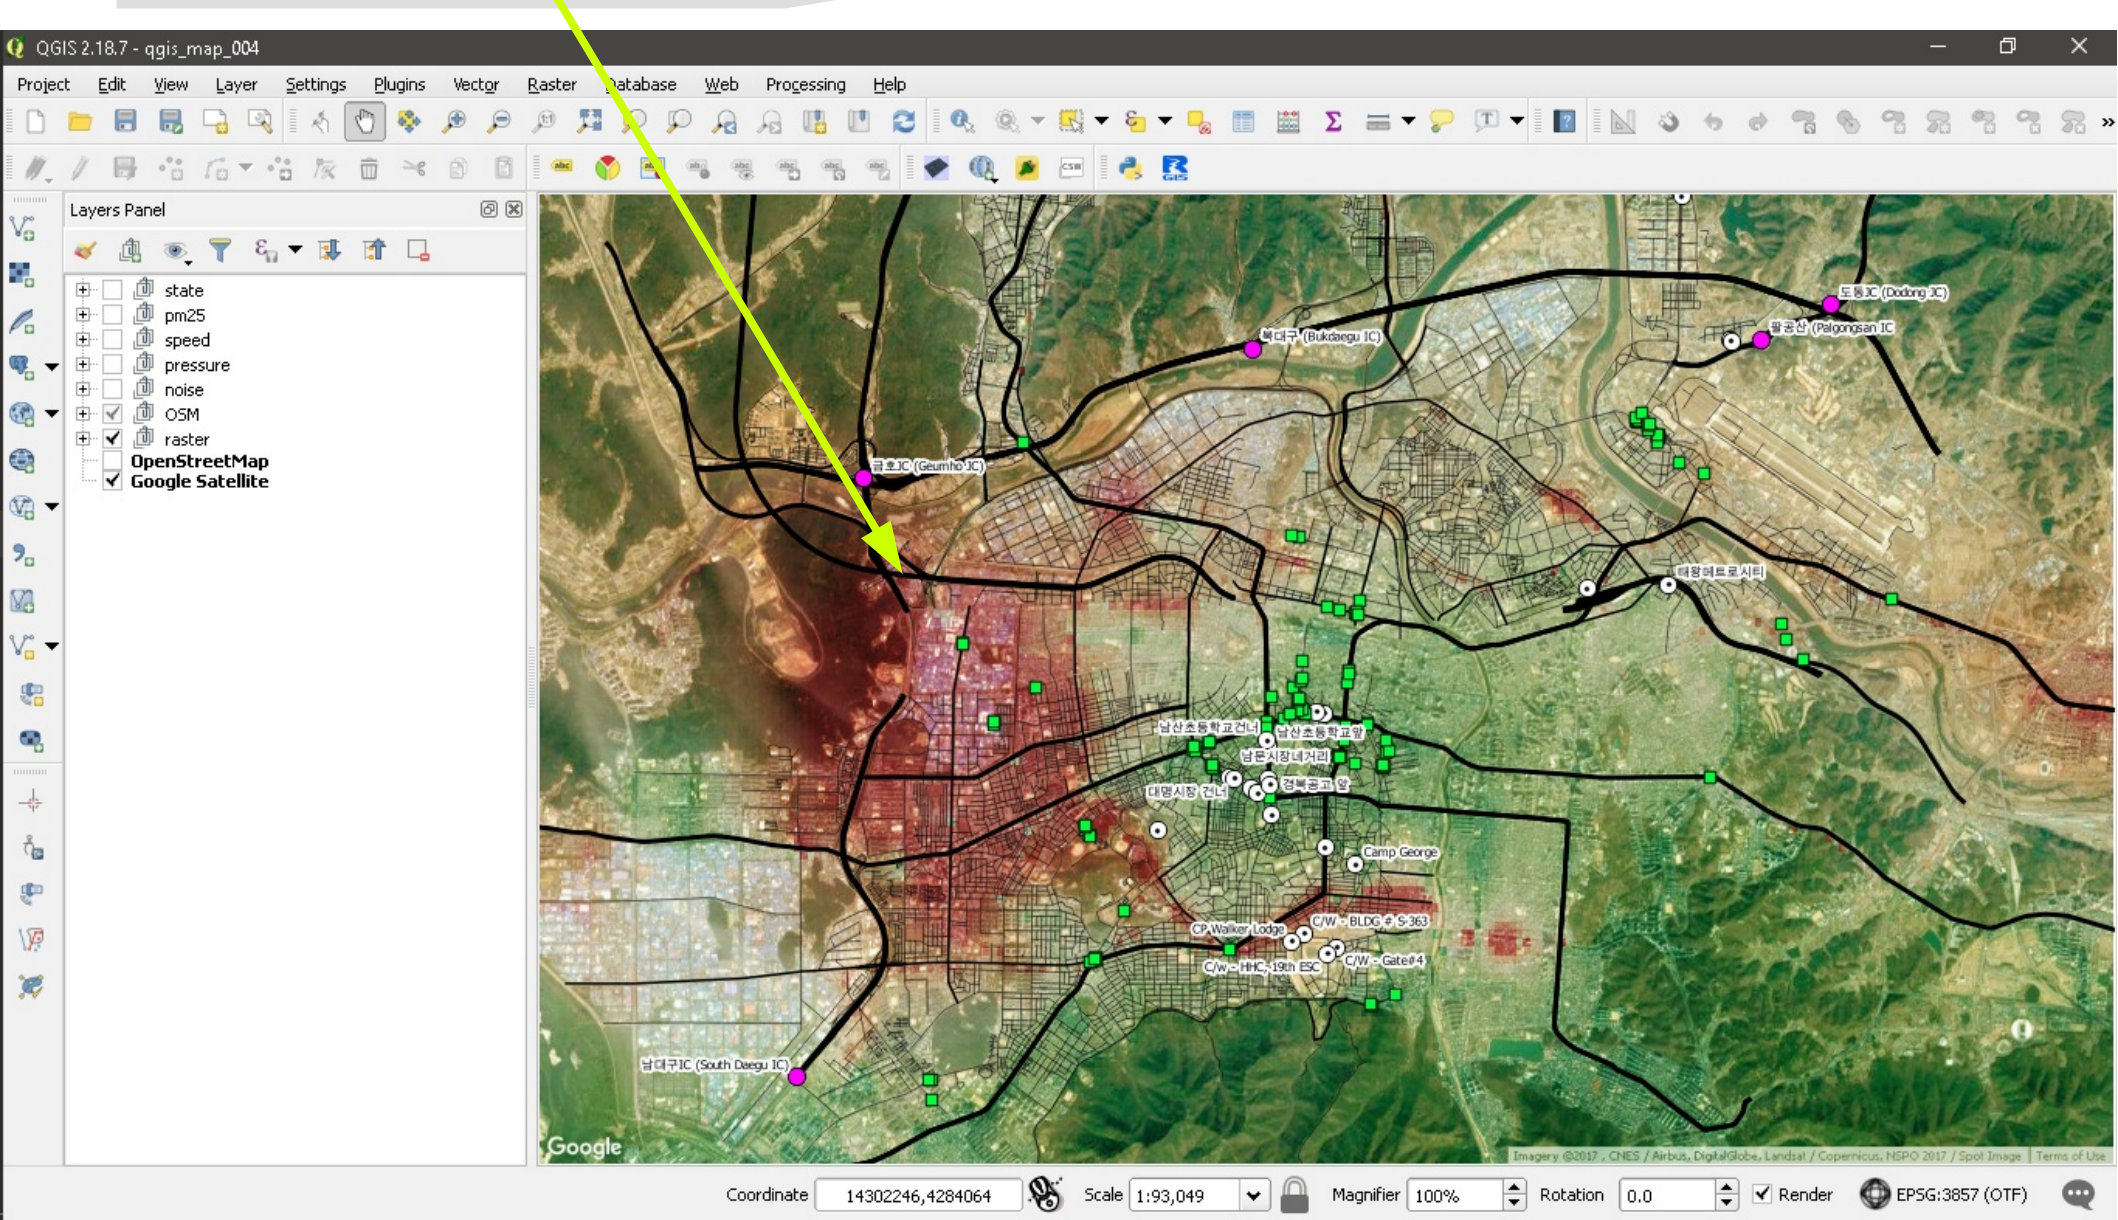

OGS' Web Feature Service
- ISO
- XML-based (GML)

System Overview

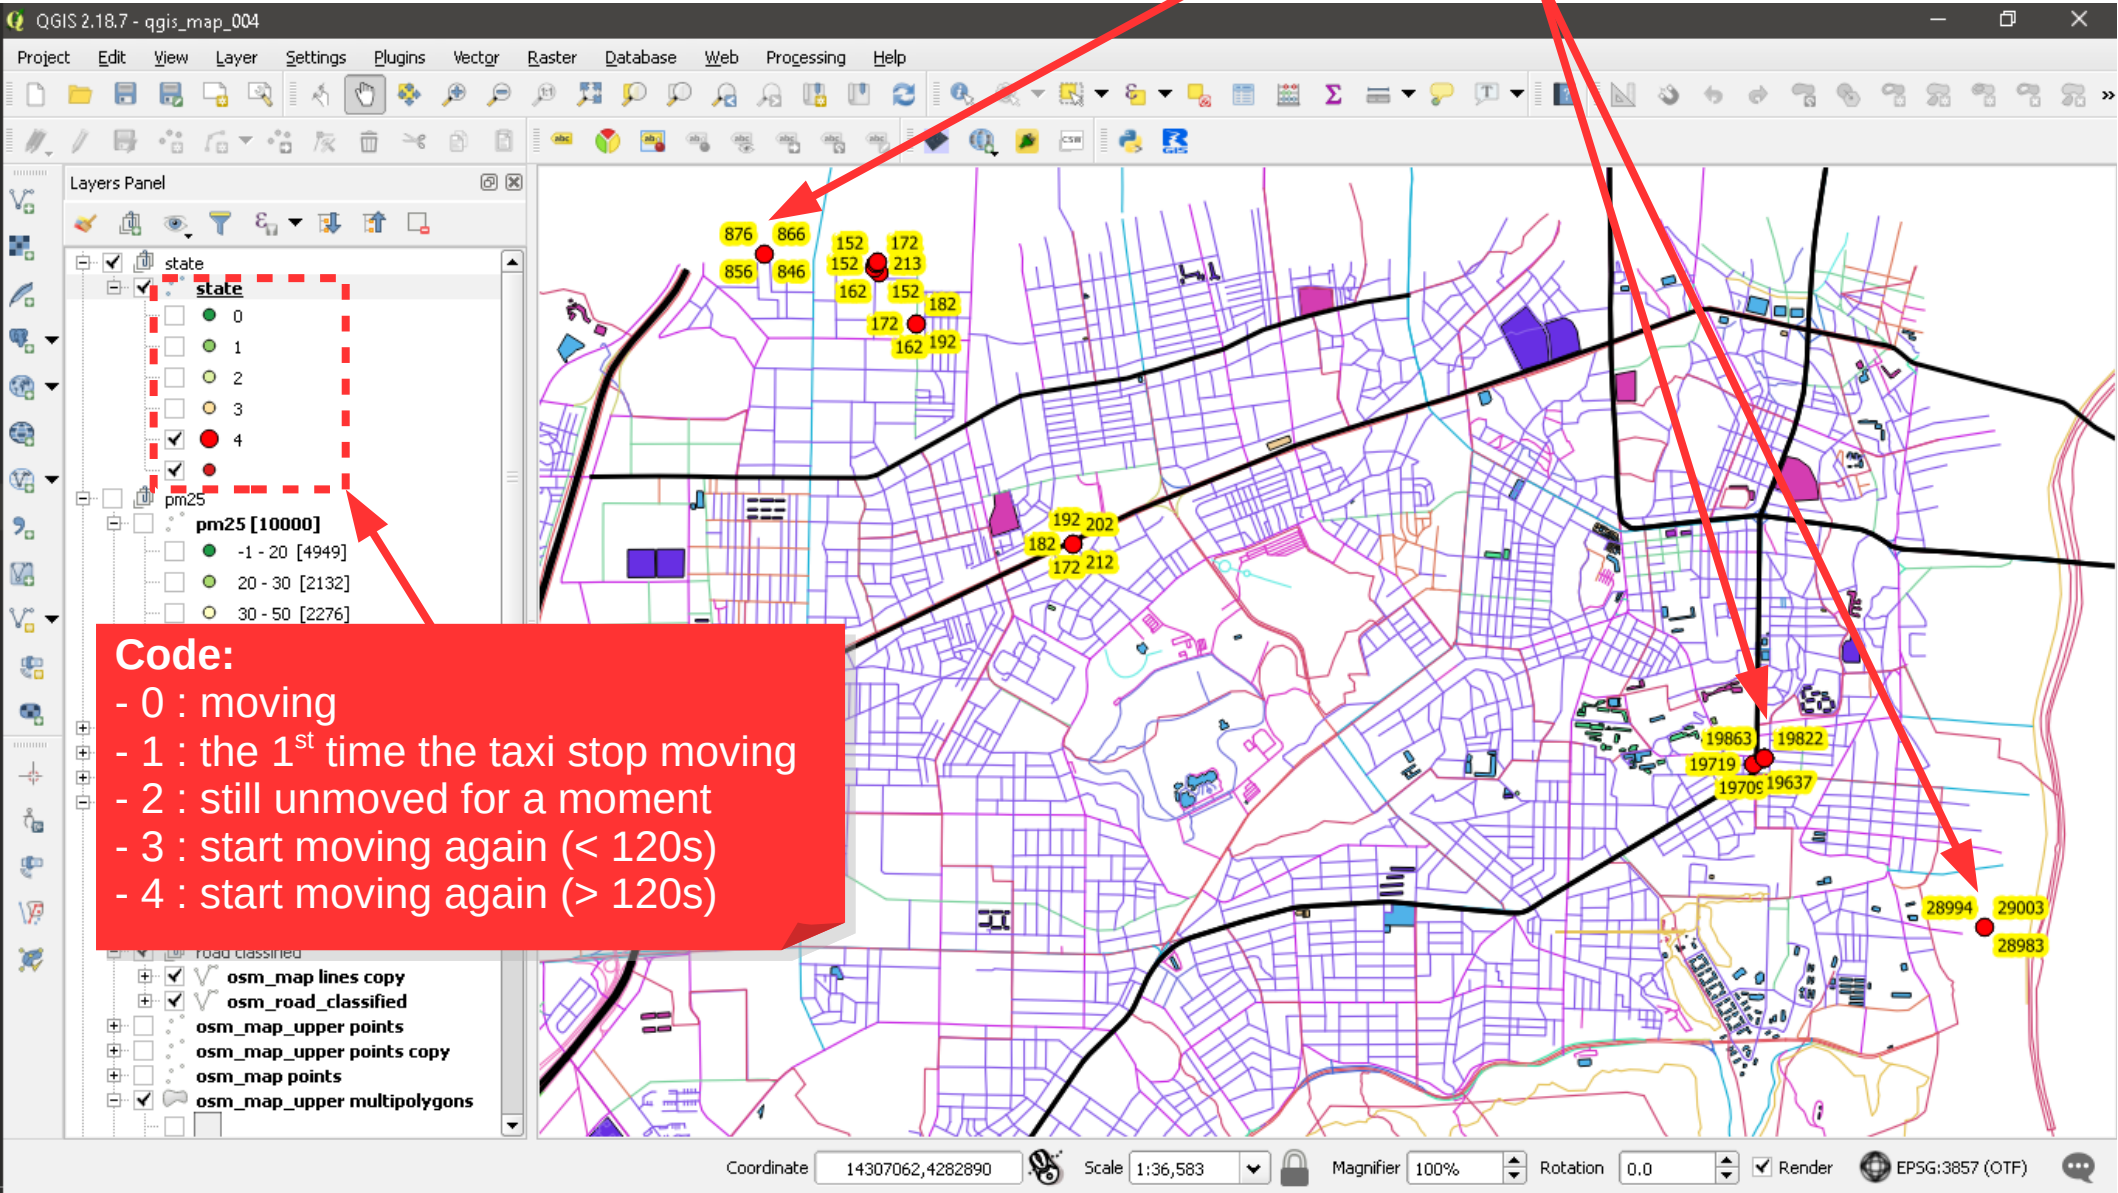

Example applications : 1

Air pollution map (red > 0.05mg)

Example applications : 2

The taxi usually stopped/parked at these locations

Discussions

- Limitations
- Future works

Conclusions
